

Community Navigators Inc. Breast Cancer Initiative **Confidentiality Disclosure**

The purpose of this needs assessment is determine how best to provide support and/or services for people with intellectual and developmental disabilities (I/DD) with regards to breast cancer. Community Navigators Inc. is collecting data to determine where there is a need. This is a research project being conducted by Community Navigators Inc.

Your participation in this research study is voluntary. You may choose not to participate. If you decide to participate in this research survey, you may withdraw at any time. If you decide not to participate in this study or if you withdraw from participating at any time, you will not be penalized.

The procedure involves filling an online or paper survey that will take approximately 5-10 minutes. Your responses will be confidential and we do not collect identifying information such as your name, email address or IP address.

We will do our best to keep your information confidential. All data is stored in a password protected electronic format or in secure spaces. To help protect your confidentiality, the surveys will not contain information that will personally identify you. The results of this study will be used for needs assessment purposes only and may be shared with collaborating sponsor but will not share identifying details.

If you have any questions about this needs assessment study, please contact Bonnie Phillip at phillipsb@cninc.org.
